

Unit 210 Holly Road, Western Industrial Estate. Naas Road, Dublin 12 Ph 00353-1-4565170 Fax 00353-1-4502371 Email: <u>info@nationalseal.ie</u> web: www.nationalseal.ie

Spacer bar in height H6.5 mm X A all widths are available also in a wide range of painted colours & RAL Shades.

These boxes offer ease of handling and the opportunity for the customer to buy even small quantities of product meeting the possible need of limited volumes.

The packing of the spacer bar is carried out using cardboard boxes in a length of 4 or 5 metres.

The packing can be even effected in iron stillages in a length of 6 metres closed on the sides by special cardboard sheets which preserve the spacer bar from dust.

This system assures a notable optimization in the scraps, the possibility of stocking a big quantity of profiles in a limited space and practicability in drawing the wished quantity during the production.
